*May contain Eggs, Milk, and Wheat from shared fry oil. Our Cane's Sauce®, Colelaw and Beverages are gluten-free. Products containing gluten are prepared in our kitchens.

The nutritional information for our chicken tender & sandwich meals was derived from lab analysis, nutrient databases, and information provided by our various suppliers. It's based on average nutritional values for our standard product sizes and formulations. While we take care to prepare every chicken tender & sandwich meal to our exacting standards, there may be differences in the actual nutritional value of your food due to variation in serving sizes, preparation techniques, source of supply, and regional product differences. We make every attempt to identify ingredients that may cause allergic reactions for those with food allergies; however, there is always a risk of cross-contact in our kitchens. There is also a possibility that manufacturers of the products we use could change the formulation at any time, without notice. Customers concerned with food allergies need to be aware of this risk. We will not assume any liability for adverse reactions to food consumed, or items one may come in contact with, while eating at this establishment. Hatch Chicken Co. cooks all of our fried foods in an all-vegetable, trans fat free blend of soybean and canola oil. According to the FDA, highly refined soybean oil is not considered allergenic, and therefore Chicken Fingers and Waffle Fries are not labeled as such.
